The Sexual Assault Response Team (SART) is a countywide, victim sensitive program designed to provide a team approach to the investigation of sexual assaults. Our goals are to give the best care possible to persons involved in sexual assaults, to minimize the traumatic effects during the medical and legal examinations, and to gather evidence.

The team consists of: nurse examiners who provide a forensic evidentiary examination and medical support, law enforcement officers who conduct an investigation and provide emergency assistance, victim advocates who provide emotional support and the Lake County Prosecutors Office who collaborate our efforts.

SART is an important program in Lake County, IN and your input is very important to us.

Please take a few moments to complete the enclosed questionnaire. Your comments, both positive and negative, will help us to make improvements where they are needed. Additionally, this survey is completely confidential and anonymous. Please use the enclosed self-addressed and stamped envelope to return the completed questionnaire.

Sincerely,

*Lake County SART*
